

**ACTION:
CAR/BIKE CARAVAN TO TELL
THE UMASS BOARD OF TRUSTEES**

“PUT PEOPLE FIRST!”

On June 17th, the UMass Board of Trustees was scheduled to meet to discuss the future of our university as we face a global pandemic together. Although they have canceled their meeting, it's crucial that we speak up now.

UMass President Marty Meehan has said layoffs are “on the table” and that “they will happen in some cases,” signaling that he is ready to ask the board to throw workers under the bus—the wrong approach.

Tell the board that students, staff, and faculty need them to Put People First:

- **A SAFE CAMPUS FOR ALL**
- **NO LAYOFFS**
- **NOW MORE THAN EVER, FUND OUR FUTURE!**
