

SAVE OUR STAFF

STOP UMASS JOB CUTS!

STAND-OUT @ WHITMORE RAMP

MONDAY, MARCH 6, 12:45PM

UMass Administrators have revealed plans to cut state jobs under the guise of protecting employee pensions—and campus unions are fighting back. **Under their plan, over 100 state employees would lose their state jobs and pension eligibility.** These employees would have to apply for positions doing the same work at the UMass Amherst Foundation, a private 501(c)(3) nonprofit.

Rather than honor the contract and earlier agreements with the unions, UMass Administrators have exposed their true intention: **to eliminate state jobs and benefits for over 100 employees, privatize the work to avoid public oversight, and upend the lives of these workers and their families in the process.**

Such behavior will erode faith in the quality and integrity of the state's flagship institution. Show your support for campus staff by saying **No** to this privatization scheme. Impacted members are fighting for their jobs, their families, and transparency at UMass. **We need your support now.**

Respond to our S. O. S. call by signing the petition and standing with us on March 6.
